THE OFFER

Book him opposite the strongest skeptic on your roster. He debates health and science misinformation live, unscripted, and treats opponents like opponents, not patients. Your host, your format, your audience's questions. No pre-cleared questions, no topic vetoes. He can take a remote hit today from the studio he broadcasts from every night.

MAIN EVENT PROOF

Flagship debate vs creationist Kent Hovind: 85,000 views, 4,000+ comments, and 21 minutes average watch time on a 1 hour 49 minute debate. Nobody watches 21 minutes of a blowout or a bore. The fight stays competitive, so the audience stays seated.

THE FIGHT CARD

Six motions, ready tonight. Pick one or bring your own.

1. RFK's HHS is making America diseased again.
2. The White House's new vaccine executive order is anti-science.
3. Lab leak vs spillover: walk the actual evidence.
4. Gain-of-function: what Fauci funded, what he didn't, what the new emails show.
5. Patriotism requires vaccination.
6. Was the COVID response worth it?

FORMAT MENU

- One-on-one
- Versus or full panel
- 2-on-1
- Live caller lines
- Remote same day, broadcast-ready home studio, zero tech setup on your end
- Travels with notice

TALE OF THE TAPE

PhD in molecular biology, UC Riverside. 17 years of bench science at BASF, Cibus, and UC San Diego. Published in Nature Nanotechnology, ACS Nano, and Molecular Plant. Granted US patent US11186845B1. NDSEG Fellow, under 4 percent acceptance. When he cites a study on your air, it holds up after the show.

THE CROWD HE BRINGS

6M+ views and 35K+ followers across TikTok, Facebook, Instagram, and YouTube since August 2025. 7.78% TikTok engagement, 3x the platform average, with a 61% female TikTok audience. 75% US-based Facebook audience, core age 35-64. Behind it: 500+ live debates and 200+ hours on air. He is not warming up on your airtime.
